CSA Key Points:

- Our 8 week 2020 EARLY SUMMER CSA season will run from May 15th through July 3rd. *(these dates could slide depending on weather).*
- **Friday pick-ups need to be made from 3pm-5pm.** Should you be running late for any reason, please contact us ASAP and we will hold your basket for pick up the next day (we will hold your prepared basket until 2pm Saturday). If you are planning to be out of town and unable to pick up your share, we suggest having a friend or family member make your pick up that week. *(Please be sure to notify us in advance so we can ensure a great experience for your substitute.)*
Notifying us and making arrangements for missed shares is your responsibility. Should you miss a pick up without previously made arrangements or notification, we cannot guarantee your share for that week. We are unable to give refunds or credits for missed pick-ups.
- Our CSA is a partnership where we both share the risks and rewards of local, all-natural farming. By joining our CSA, you are committing to support the farm for the entire growing season and will not be eligible for any refund should you opt out early. In return, we commit to doing everything within our control to provide you and your family with quality produce week in and week out.
- At any time, should you have questions, comments, suggestions or any other feedback, please don't hesitate to contact us.
- As a member of our farm family, you and your family are encouraged to visit the farm anytime. If outside your normal CSA pickup time, we do ask that you call or email ahead so we know you're coming. When on the farm, please be sure to supervise your children (for theirs and the animal's safety).
